

SUPPLIES 5th Grade

Pencils - many

Pencil box

A thin binder (1 inch or so)

Lined paper (loose) for the binder

Graph paper or quad paper (loose) for the binder

(It's helpful to keep a large supply of lined paper and graph paper at home to replenish the binder periodically)

Pocket folders - several. The kind without clips.

Report folders - several.

The kind with three fold-down clips (may also have pockets)

Two composition books

The traditional black marble type is fine, either wide ruled or college ruled. We will be making covers for these so no need to get the fancy ones.)

Erasers (pencil erasers are often useful)

Little pencil sharpener

Lunch bags - one or two.

The colored insulated bags or boxes with handles or straps are the best for us.

Water bottle - optional - The nice colorful ones are the best for helping the classroom look neat.

Some supplies for later in the year: (These could be kept at home for now)

Index cards 3x5 (100)

Index card holder (the small snap boxes are the best)

Poster board for science. Any color. About 24" by 28".
